Why I choose to believe the Bible?

Voddie Baucham: "Why you can believe in the Bible."

Past pastor of Family Baptist Church, Springs, Texas.

Currently Dean of Seminary at African Christian University, Zambia, Africa.

"I choose to believe the Bible because:

- 1) it is a reliable collection of historical documents,
- 2) written by eyewitnesses during the life time of other eyewitnesses.
- 3) They report supernatural events that took place in the fulfilment of specific prophecies,
- 4) and claim that their writings are Divine rather than human in origin."
